Appropriate Hospital Access for Suspected Acute Stroke Patients NASCG010

Arrangements South County Dublin/East Wicklow

This document outlines local arrangements for NAS policy NASCG010 Appropriate Hospital access for Suspected Acute Stroke Patients in South County Dublin/East Wicklow.

This specifically refers to patients in the catchment areas of St Vincent's University Hospital, St Columcille's Hospital and St Michaels Hospital.

All patients in these areas that fit the criteria laid down in section 7.0 must be brought to the Emergency Department at St Vincent's University Hospital.

Suspected acute stroke patients brought to St Vincent's University Hospital must be handed over to hospital clinical staff on arrival to allow the transporting crew to return to their operational area.

Those patients with time critical features as per section 7.0 should be brought to the nearest Emergency Department.
